readership

Advertising in Permaculture magazine really works:

We placed an advert in PM and it was seen by an employee at the Mars Corporation. They contacted us and we won the job of designing two large corporate eco-buildings which kept us busy for over five years!

Julia Boulton - Director, Apse Architecture and Planning

Permaculture is published quarterly with 20,000 print and digital copies sold per edition (UK and USA). The readership is made-up of mainly 25-55 year olds.

People buy Permaculture because they have made the decision to live more consciously – an ideal customer for your company to attract. Our readers are active consumers of quality products – we know because we sell to them via our own on-line shop www.green-shopping.co.uk.

The majority of our readers contact advertisers or attend events which appear in the pages of Permaculture. Our readers retain their copies of the magazine, using them as source material and a practical guide which informs their life choices and purchases. Our readers shop for ethical purchases online. They also love offers and competitions that help them to save money.

I love Permaculture magazine - it's a rare and beautiful publication which offers actual solutions and inspirations. You are a real breath of fresh air and I look forward to you being around for a long time.

circulation

I very much enjoy the magazine. It cheers me up no end by being inspiring and empowering, but most of all it is very reassuring and uplifting in these very worrisome times. I wouldn't mind if it came out as a monthly, weekly - hell why not a daily magazine!

An Expert's View

Permaculture newsstand sales continue to grow, bucking the trend of falling magazine sales. This well produced magazine has continued to expand sales and create a niche in the market place and there are still more readers and sales to be gained.

Thank you!
