Because your company is dedicated to ethical business practices, we would like to invite you to reach a targeted audience of environmentally conscious consumers by advertising in *Permaculture* magazine.

With over 200,000 readers per issue, *Permaculture* is that rare thing, a magazine that is growing in influence. It is published quarterly and is available in the UK, USA and globally. As well as the print edition it has a growing digital readership which suits the smartphone generation, particularly via the *Permaculture* magazine iTunes app.

*Permaculture* features practical articles on organic gardening, agriculture, agroforestry, alternative technology, eco-architecture, personal and community development and much more.

*Permaculture*’s presence in print and online (with 1.5 million page views a year) makes it a ‘must have’ networking tool for all green and ethical social enterprises and projects.

Permaculture is an innovative way of creating sustainable gardens, houses, farms, communities, businesses and lifestyles.
Advertising in Permaculture magazine really works:

We placed an advert in PM and it was seen by an employee at the Mars Corporation. They contacted us and we won the job of designing two large corporate eco-buildings which kept us busy for over five years!

Julia Boultby - Director, Apse Architecture and Planning

“Permaculture is published quarterly with 17,000 print copies sold per edition (UK, USA and worldwide). The readership is made up of mainly 25-55 year olds.

People buy Permaculture because they have made the decision to live more consciously – an ideal customer for your company to attract. Our readers are active consumers of quality products.

The majority of our readers contact advertisers or attend courses and events which appear in the pages of Permaculture.

Our readers retain their copies of the magazine (and the growing success of the digital edition is helping this grow) using them as source material and a practical guide which informs their life choices and purchases.

Our readers shop for ethical purchases online. They also respond to reader offers that help them to save money while repairing the earth. Exclusive offers from trusted partners are hugely popular, be it discounts or samples.

I love Permaculture magazine - it’s a rare and beautiful publication which offers actual solutions and inspirations. You are a real breath of fresh air and I look forward to you being around for a long time.

An Expert’s View

“Permaculture newsstand sales continue to grow, bucking the trend of falling magazine sales. This well produced magazine has continued to expand sales and create a niche in the market place and there are still more readers and sales to be gained.”

*I think Permaculture is a wonderful publication, really appreciate that the photos are of real gardens, projects in startling contrast to virtually all publications addressing gardening, limited resources, etc., here in the U.S.*

*Thank you!*
